

## Other Stakeholder Input

Most stakeholders participated in Olmstead Forums or Work Group meetings. However, many individuals and organizations also submitted written comments to the Health and Human Services Agency. We would like to thank them for their efforts. Due to the volume of documents, we are not able to list all contributors in this appendix, although the organizations involved are listed below. Similarly, we cannot reproduce in this Plan all of the documents that were submitted. However, individuals who are interested in seeing the comments submitted by these organizations may contact the Agency at [Olmstead@chhs.ca.gov](mailto:Olmstead@chhs.ca.gov).

Protection and Advocacy, Inc.
